SECTION OF PSYCHIATRY

UEMS Psychiatry Excellence Award

Eligibility

Individual, group, or association from a country who is a member, associate, or observer of the UEMS Section of Psychiatry.

Criteria

Have formulated an initiative or project that is in accordance with the Section's articulated vision and mission, as detailed on our official website.

Demonstrate how the initiative or project will ultimately lead to better patient outcomes.

Examples include but are not limited to:

- how you have used UEMS's Section of Psychiatry European Training Requirements (ETR) [add link to ETR and competency framework];
- how you have used UEMS's policy papers [link to website documents section]
- how you have incorporated principles of equality, diversity and inclusion;
- how you have addressed the use of coercive interventions in psychiatric practice;
- how you have incorporated principles of green and sustainable practice.

Judging panel

The panel will be a group composed of members of the Section, Officers, trainees', patients' and family representatives. A minimum of three people will sit on the panel.

The judging panel will declare conflict of interest before considering nominations.

Nominations

Nominations are encouraged from all walks of psychiatry, but should always be supported by the National Psychiatric Association.

Please use the UEMS Psychiatric Excellence Award nomination form to apply.

Aim of the award

- To facilitate the implementation of UEMS's training and good practice recommendations in everyday psychiatric practice
- To engage further with our members and showcase their excellent work
- For the benefit of patients
- To promote, share and reward good practice
